WORK EXPERIENCE

"As a recent post- graduate with a degree in computer science, I am eager to begin my journey in web development. While I may not have direct professional experience in the field, I have a strong foundation in programming languages, web technologies, and a passion for creating intuitive and user-friendly websites.

Enthusiastic Full Stack Developer with a solid background in HTML5, CSS, and JavaScript. Eager to join a great team and make a difference. Skilled in using React for frontend work and Node.js for backend tasks. Good at problem-solving and applying OOP concepts. Passionate about web development, both frontend and backend. Experienced in improving website speed and accessibility for various devices and browsers. Familiar with creating APIs, managing databases, and using cloud services. Always learning and staying updated with new technologies and industry trends.
